

Wahlpflichtfach Englisch 6AB, 'Drama and Play'

In our first few lessons we did some games based on the senses of sight, hearing and feeling.

Although most of us felt a little bit shy and uneasy at first, we had great fun. We also did many activities to develop physical expressiveness.

Before we started acting out a real play, we did some spontaneous role plays.

Here you can see us doing a 'freeze'.

We were very proud when we finally could act out parts of 'A Slight Accident' by James Saunders. Apart from this we also performed a few short sketches.

Rehearsing was sometimes quite exhausting and the dress rehearsal of one of the sketches was anything but okay, but we finally managed and we all realized that our acting constantly improved. Anyway, we all liked our roles and we are happy that we have chosen this optional subject.

In March we went to see 'Der Widerspenstigen Zähmung' in Innsbruck

We even managed to get an autograph.
